

# Product Discontinuance Notice - PDN 24\_0110 Rev. B

Analog Devices, Inc. One Analog Way, Wilmington, MA 01887

This notice is to inform you of a product discontinuance for certain ADI products (see Discontinued Parts Material List below). Any issues with this PDN must be sent to ADI as soon as possible. The information contained within this PDN is considered proprietary and should not be shared outside of your company. ADI contact information is listed below.

**PDN Title:**

Discontinuance of ADP2443

**Publication Date:** 09-Jan-2025

**Last Time Buy Date:** 02-Feb-2026

**Last Time Ship Date:** 01-Jul-2026

**Revision Description:**

Extending LTB and LTS dates, updating material availability status.

**Reason For Discontinuance**

Supplier has discontinued the FET component required for ADP2443.

**Comments**

This message is in reference to PDN 24\_0110 related to Vishay Siliconix deciding to End of Life (EOL) their Maxpower Low-Voltage Silicon MOSFET component, which may be impacting products you use. ADI does not obsolete parts that still have customer demand unless driven by exceptional circumstances and recognizes that customers value the reliability of long-term production assurance.

In this particular case, ADI is taking special measures to support customers with the following:

- Negotiated procurement of additional material from Vishay with 32-week lead time, estimated material availability date is August 2025. The LTB and LTS dates have been updated to reflect this change in capacity.

Analog.com product pages have links to the PDN under each orderable part number and updates to display alternatives on product pages have been added. We apologize for any inconvenience this product discontinuance may cause and remain committed to minimize impact to you.

**Supporting Documents**      None
